The listing of the claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

Please cancel claims 1-46.

Please add new claims 47-52 as follows:

1. – 46. (Cancelled)

47. (New) A jukebox comprising;

a compact disc player adapted to play compact discs stored in said jukebox;

a title display unit that visually displays selections on said compact disc that are available for playing on said compact disc player;

a user input that receives a user selection to be played from one of said compact discs;

a processor that detects skips that occur when said selection is played on said compact disc player and occurrences of a selected disk not being read by the player.

48. (New) The jukebox of claim 47 wherein said processor records a number of skips that are detected for a selection, as well as the identity of the selection.

49. (New) The jukebox of claim 47 wherein said processor is further adapted to cancel a selection if the number of skips detected for that selection exceeds a preselected number.

50. (New) The jukebox of claim 47 wherein said processor records a number of times that a selected disc was not read by the player and the identity of the selection.

51. (New) A method of operating an automatic compact disc phonograph comprising:
storing a plurality of compact discs having music selections stored thereon;
providing a title display unit that visually displays said selections of said compact discs;
providing a player for playing said discs;
providing a user input device and receiving with said input device a selection of a disc to be played by said player;
detecting skips in a selected disc and occurrences of a selected disk not being read by the player together with the identity of the disc.

52. (New) The method of claim 51 further comprising providing a money acceptor adapted to allow the compact disc to be played only after the receipt of a predetermined amount of money.
